

Examples of protection
1. Tank farms

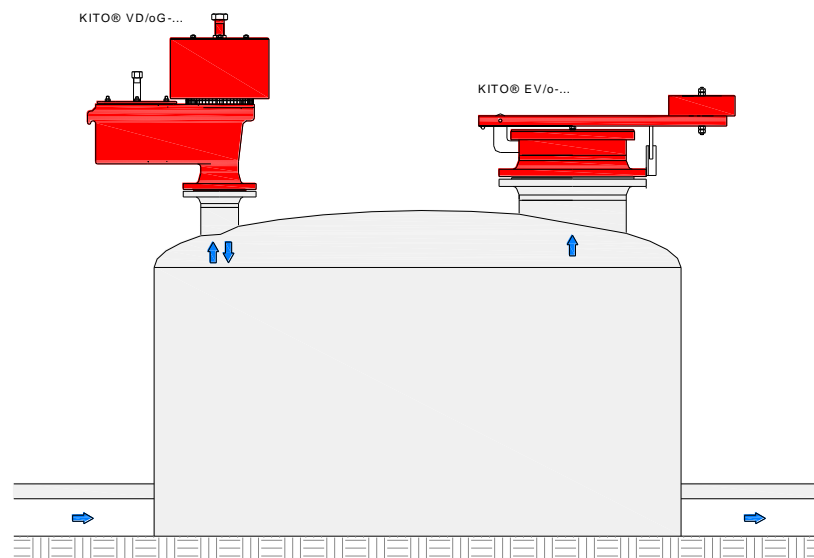

1.2 A Exemplary protection of tanks above ground – explosion-proof, not endurance burning proof

Venting and breathing : Deflagration proof pressure and vacuum relief valve KITO® VD/AE-...-IIB3 (E 20 N)
 Emergency venting : Pressure relief valve KITO® EV/o-... (C 10.1.N) (fire case)

Protection flammable liquids :
 • for liquids a flash point < 60 °C / 140 °F (API 2000 / ISO 28300)

1.2 B Exemplary protection of tanks above ground – non-flammable liquids

Venting and breathing : Pressure and vacuum relief valve KITO® VD/oG-... (E 21 N)
 Emergency venting : Pressure relief valve KITO® EV/o-... (C 10.1.N) (fire case)
