

Examples of protection

4. Loading and unloading process as part of logistics

4.2 Rail tank cars and road tanker

- Suction and filling pipe : Uni-directional in-line detonation flame arrester, short-time burning proof
KITO® FDN-Det4-IIA-...-1,2 (G 18.1 N)
- Waste gas pipe : Bi-directional in-line detonation flame arrester, short-time burning proof
KITO® EFA-Det4-IIA-.../...-1,2 (G 22 N)
- Breather and venting pipe : Deflagration and endurance burning proof pressure and vacuum relief valve
KITO® VD/KS-IIA-...-K (E 13.1 N)
- Gas compensation pipe : Bi-directional in-line detonation flame arrester, short-time burning proof
KITO® EFA-Det4-IIA-.../...-1,2 (G 22 N)
